MAIN JOB PURPOSE

To assist with the preparation of equipment and resources to support the delivery of the curriculum at the Centre for Construction situated on both the Aireville campus and auction mart campus; maintaining, organising and servicing fixed plant/machinery/tools and equipment; and to provide an efficient and effective support service in the practical workshops and assessment areas, in particular bricklaying and plastering but also to support with other construction trades when required.

KEY DUTIES AND RESPONSIBILITIES

This job description is a guide to the duties you will be expected to perform immediately on your appointment. These may change in the future in line with the strategic direction and development of the College.

- To prepare workshop tools and equipment ready for practical sessions;
- To prepare requests prior to practical sessions as requested in advance by the tutors;
- To assist with the security and storage of instruments, materials and equipment, assisting with the safe transportation of equipment for use within and outside the College;
- To provide technical assistance and support to lecturers when demonstrating practical activities;
- To provide assistance and support to lecturers when working in the practical workshops with students, ensuring health and safety and behaviour is monitored and dealt with
- To ensure that workshops, machinery, tools and equipment are maintained and kept safe and tidy, in line with Health and Safety requirements;
- To maintain accurate workshop records and stock control, raise orders and check delivery notes using an electronic system for materials and equipment as required;
- To maintain an accurate tool and equipment inventory and implement a replacement and renewal policy in line with College procedures;
- To maintain and organise servicing for mobile and fixed plant, and machinery and to maintain appropriate service records;
- To dispose of waste materials, in accordance with established guidelines;
- To administer and implement risk assessment procedures in conjunction with the Programme Leader and Head of Faculty and relevant staff in line with Health and Safety requirements;

- To be aware of all Health and Safety requirements and precautions within the practical workshops and assist staff in the implementation of safe procedures and good practice;
 - To work as an effective team member within the sector;
 - You will be expected to be fully conversant with and implement the College's range of equality and diversity and safe guarding policies and procedures, to ensure the health, safety and welfare of all learners and staff;
 - To assist with all construction trades in brickwork, plastering, painting & decorating;
 - To participate in the College's appraisal scheme and undertake further professional development in line with the needs of the College;
 - Any other duties commensurate with grade and status as may reasonably be requested.
-
